Installation cable AMJ 300 F/UTP 4x2xAWG23/1 LSZH; Cat.6; blue; 500 m

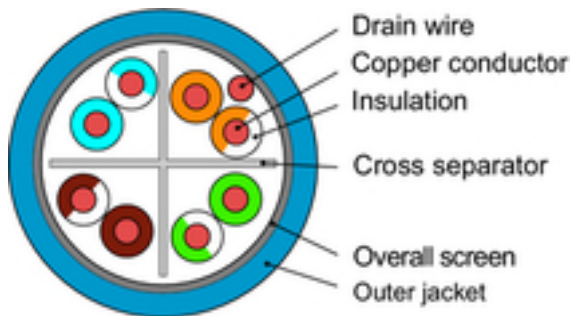

Fig. may differ

Technical Attributes	
Description	AMJ 300
Structure	F/UTP 4x2xAWG23/1 LSZH, Cat.6
Category	Cat.6
Colour	blue
Length	500 m

Description of the Series/Product Category

Notice: The following information refer to the series/product category as a whole. Please see the specific datasheet for specific technical information of a particular product.

F/UTP cables carry 4 twisted wire pairs surrounded by aluminium foil as a total shield. Cables with LSZH material are used mainly in buildings to provide the horizontal infrastructure. Cables with a PVC cable sheath are used mainly for special demands on the ambient or installation conditions. This cable structure is suitable for medium to high data transfer rates due to the different lay lengths of the wire pairs and the related runtime diff...
